Zechsal Magnesium Foot Cream: **Softer than Soft**

Zechsal now also has its own foot cream. After a long search for the best natural ingredients, Zechsal brings the ultimate soothing cream for your feet.

Nature was our inspiration for a cream full of effective, rich nutrients that truly benefit your feet. Brittle, rough, or sensitive skin is healed, hydrated, and remains silky soft.

New: ZECHSAL

magnesium foot cream

The Cream

- Natural foot cream with organic ingredients
- Heals, hydrates, and soothes optimally
- Light, subtle fragrance
- Perfect for brittle, rough, and sensitive skin

Tested by Podiatrists

After the development phase in the lab, the cream was tested by podiatrists with great results. The podiatrists compared the cream with their usual product. The reactions were commendable. Some quotes from the testing podiatrists: 'Massages in excellently and absorbs quickly.' 'Smells pleasant and spreads easily.' 'Other creams leave a greasy film, this cream does not.' 'You only need a little, and the cream feels silky soft.'

Explanation of Ingredients

The natural **magnesium** from the Zechstein Sea cleanses the skin and provides a relaxing feeling that slowly penetrates the entire body. The organic **aloe vera** juice has a moisturizing, soothing, and anti-inflammatory effect.

The oils in the cream are added to nourish the skin and make it silky soft.

Sweet **almond oil** is responsible for soothing rough and dry skin. **Macadamia oil** (organic) ensures better absorption of the active ingredients and a smoothing effect that leaves a silky feeling.

magnesium
vitamin E
sea buckthorn extract
almond oil
macadamia oil
rosemary
aloe vera

Additionally, this cream contains another special active ingredient: **sea buckthorn**

extract. This organic fruit extract contains the rare palmitoleic acid, which is a component of our skin fat. It stimulates regenerative processes in the epidermis and accelerates wound healing. Sea buckthorn extract thus helps to soothe the skin and heal scars.

Application

Apply the cream to your feet daily. You only need a little to care for the skin. With daily use, your feet will become significantly smoother and softer. This cream is wonderfully suitable for use at the end of any foot care session or magnesium foot bath.

Zechsal Zechsal stands for natural health. It uses the purest and most absorbable nutrients for all its products. In selecting materials and partners in the region, we try to protect the environment as much as possible. **Want to learn more? Visit www.zechsalmagnesium.com.**
